## ESS IN ALBERTA MOVING FORWARD

### SCHEDULE:

**TUESDAY, APRIL 19**  
3 - 5 p.m.

- **Knowledge Exchange:** We are excited to have Dr. Tim Haney share the learnings they gathered through surveys and interviews from those people affected by the floods. They asked a variety of questions, including how people made evacuation decisions, who they leaned on for support, how quickly and under what conditions they returned, and whether they saw themselves living in their neighborhoods over the long term. This session is not necessarily focused on an event but rather the human perceptions and perspectives of people post event.

9 a.m. - 4 p.m.

- **ESSNA Overview:** Learn the new Regional Approach for ESSNA
- **Provincial ESS Framework** presentation by the Government of Alberta
- Regions work together to come up with questions on the framework or ESSNA's new direction
- Panel featuring ESSNA and Government of Alberta to answer questions about framework or ESSNA
